Weighted 5.0 Scale with additional quality points given for advanced courses

Due to small class sizes and the caliber of students, Covenant does not rank its students. Core classes are designated Honors and scholarly writing is emphasized across the curriculum. Covenant does not offer AP or IB courses, although our students take AP exams annually. Students can earn up to 23 college credits through our dual enrollment agreements.

OVERVIEW

Covenant is an independent, co-educational school enrolling students in grades pre-K through 12. We are a classical school in terms of both pedagogy and curricula, and we provide a rigorous, traditional liberal arts education. The core curriculum taught in the Upper School emphasizes:

- Great Books, mathematics, natural sciences, theology, Biblical studies, and Latin
- Formal coursework in the liberal arts of grammar, logic, and rhetoric
- Socratic seminars combining a study of history, literature, and philosophy
- Art and music coursework

ADMISSIONS

Admission to Covenant is based on Christian parent partnership and the prospective students' academic ability. Need-based financial aid allows Covenant to partner with families from a wide range of economic backgrounds and thus more fully reflect the community in our local region.

STUDENT LEADERSHIP

Covenant is committed to being a community of faith, learning, and service. Students are equipped for leadership through involvement in a House System, competitive sports and the arts. All students in the Upper School, grades 7-12, are members of one of six Houses. This provides for student government, activities, intramural competitions, team building and spiritual development. Students also have a wide variety of co-curricular activities such as Yearbook, Robotics, Chamber Choir, Orchestra, Theater, and other academic electives.
